

Hi, this is Lewis Duncan, founder and creator of SocialLegacy.

I thought you'd FINALLY like to hear the truth.

Except for the top 1 percent of earners, the American economy is broken for everyone else.

For too many families, the American Dream is becoming more a historical memory than an achievable reality.

Today we are a country – divided by power, money, and ideology.

Our politics have become rancorous and polarized, our political leaders are unable to resolve the most basic problems, let alone uplift millions of people.

I have a big secret to tell you.

And I don't use the word secret lightly.

Because judging by the rapidly growing wealth gap, the majority of the world's population has no clue of its existence.

Are you ready?

Ok, I'll say it slow...

THE SYSTEM WHICH IMPACTS EVERY ASPECT OF YOUR LIFE

- Government
- Education

- Employment
- Food
- Gasoline
- Retirement

ARE ALL ONE GIGANTIC RACKET!

America, the land of the free, home of the brave is now ruled by the few, the wealthy, and the powerful that has become this country's unseen ruling class.

So it doesn't surprise me that millions of people think that money and opportunity are both scarce, like a giant hole in the earth just sucked it all up.

Meanwhile...

Trillions of dollars are trading hands ... DAILY!

In our NEW ECONOMY, America's super-rich have accumulated trillions in new wealth, far beyond any other nation.

If you're not pulling in the kind of money you want, it's not because the money isn't there, it's because America has taught you to judge your success by your ability to purchase the latest and greatest.

You're always chasing the trends instead of placing yourself IN FRONT OF IT...

WHY?

...because you don't know how.

YOU'VE BEEN BRAINWASHED.

You see, years ago, the super-wealthy set out to persuade you of something that isn't true.

The mission was to teach you that you're average.

That compliant work is the best way to a reliable living.

That creating average stuff for average people, again and again, is a safe and easy way to get what you want.

Step out of line and the system would nudge you back to the center.

Show signs of real creativity, originality or even genius, and well-meaning parents, teachers and authority figures would eagerly line up to get you back in line.

Our culture needed compliant workers, and eager consumers and it set out to create as many of them as it could.

And so generations of students turned into generations of factory and service workers in search of the promise.

You were brainwashed into fitting in, and then discovered that the economy only truly rewards people who think differently than the masses.

Hence, our system of educating it's so called beloved population became the foundation of the racket.

Think about this...

The average American's savings account has roughly \$6,000 or less.

But the average credit debt is roughly \$15,000 or more.

Do the math.

Yeah it isn't good.

This so called democracy has set up millions of Americans for failure.

They've been playing chess with your life while you're playing marbles with your co-workers.

...playing while you've been complaining about the rules of the chess game.

Therefore they control you.

We're changing the game with our 50/50 partner program and building a *new generation of millionaires*.

To take advantage of this incredible life changing opportunity simply sign-up and become a 50/50 partner for FREE.

By becoming a 50/50 partner you'll have the opportunity to begin building your financial portfolio.

We will pay you a generous bonus of \$50 for each paid member that joins SocialLegacy using your partner link or I.D.

In addition, you will receive a \$10 bonus for each of your referred member's referrals.

OK, let's calculate this over a course of 12 months and see what it could mean for you in terms of REAL money.

If you refer just 1 member per day for 12 months that's a total of 365 referrals times \$50 for each paid referral equals an amazing \$18,250 sent to your PayPal account!

Now here's where the fun really begins...

We'll assume all your 365 personal referrals duplicated your efforts and they referred 1 new paid member per day for 12 months.

OK, get your calculators out...

YOUR 365 referrals times their 365 referred members equals 133,225 new members.

133,225 new members times \$10 equals a mind blowing \$1,332,250 sent to your PayPal account!

YES, you calculated it correctly!

You've just made over 1 million dollars from simply referring 1 member per day for 12 short months and encouraging your referrals to do the same.
